The Honorable Herbert Brownell, Jr.
The Attorney General
Department of Justice
Washington 25, D.C.

Dear Mr. Brownell:

I appreciate the comments relative to the proposed revision of SEC 123 contained in your memorandum dated 20 April 1955.

25X1A9A The internal security problems referred to by you are currently being studied within this Agency. In addition, as you know, a consideration of such matters is clearly within the purview of the Inter-Agency Discussion Committee of which [redacted] representing this Agency, is Chairman. A meeting of that Committee will be scheduled in the near future, and it is anticipated that some discussion of the matter may be had at that time.

I am confident that our consideration of these matters will lead to a solution at which time I shall be pleased to advise you further.

Sincerely yours,

ALLEN V. HULLIN
